

INDEX TO TECHNICAL NEWS BULLETIN 1943, NUMBERS 309 TO 320, INCLUSIVE

A		Page		Page
Abbe-type refractometer, sources of error in	25		Cement clinker, portland, microscopic examination	27
Acid-salt mixtures, pH values	93		Cement pastes, aqueous extracts	20
Aeration, effect of, on soils	44		Cements, masonry, commercial	53
Aeronautic instruments, altitude chamber for testing	92		Cements, portland pozzolan, properties	62
Aggregates, terrazzo, physical properties	63		Cements, various types, effect on properties of concretes	62
Air permeability fineness apparatus	62		Channels, open, translation waves in	44
Alkali, reaction of wool with	5		Chinaware, vitrified, chipping and impact resistance	84
Alloys, base metal, in dentistry	25		Code for electricity meters, wartime revision	2
Altitude chamber for testing aeronautic instruments	92		Codes, building, State-wide	44
Altitude, effect of, on knock rating	11		Coins, 5-cent, new alloy	9
Alumina, reaction with lead oxide	84		Color-blindness	33
Aluminates, hydrated calcium	17		Color designations for lights	83
Antifreezing solutions, dangerous	37		Color, Munsell, book of, specification of the	60
Apparatus for testing single fibers	55		Columns, steel, perforated cover plates for	91
Aqueous extracts of cement pastes	20		Commercial standards:	
Arc tan α table	30		boys' pajamas	39
Army buildings, roofing for	53		Douglas fir plywood	27
Assaying of potassium <i>p</i> -phenolsulfonate	78		mineral wool	47
Atomic dimensions, optical rotation and	60		screw threads and tap-drill sizes	39
Automotive power plants research, reorganization	83		structural fiber insulating board	88
Award "E" renewal	17		textile products	47
			treading automobile and truck tires	86
			warm air furnaces equipped with vaporizing pot-type oil burners	39
			Concrete cylinders, axially reinforced, tensile cracks in	52
			Concrete, modulus of elasticity	28
			Concrete, porous properties	35
			Concrete ships, impact resistance	20
			Concretes, made with various types of cements, properties	62
			Conference of State utility commission engineers, twenty-first annual	59
			Conference, soil corrosion	20
			Confluent hypergeometric functions, table	56
			Congress of physics, first national, at Puebla, Mexico	43
			Containers, household insecticide, proposed simplified practice recommendation	88
			Control, automatic, of temperature	92
			Copper alloys, thermal expansion	61
			Corrosion, soil, conference of March 25-27, 1943	35
			Corrosion soil, of pipe lines	91
			Cotton and wool blankets, for use in barracks	21
			Counters, Geiger-Müller, miniature	11
			Cover plates, perforated, for steel columns	91
			Cover plates, perforated, formulas for lengthening or shortening under load	91
			Cracks, tensile, in axially reinforced concrete cylinders	52
			Curl of paper, measuring	14
			D	
			Dead-weight calibrating machines	72
			Density of indium	46
			Density of leather	70
			Dentistry, base metal alloys in	25
			Dissociation constant, second, of phosphoric acid	13
			Drill sizes, tap, commercial standard	39
			Dryden, Hugh L., elected president of the Institute of the Aeronautical Sciences	1

Mixtures, acid-salt, pH values	93
Modulus of elasticity of concrete	28
Moisture accumulation in walls	19
Moistureproof matches	4
Mortars, heat-setting refractory	28
Munsell book of color, specification of the	60

N

National Advisory Committee for Aeronautics, Lyman J. Briggs elected vice chairman	1
"Nickels," new alloy for	9

O

Ofner's method for the determination of invert sugar	26
Optical rotation and atomic dimensions	60

P

Package standardization in retail trade	57
Paint, conservation of linseed oil in	19
Paint from waste printer's ink	19
Paints and other protective coatings for tires	4
Paints, heavy bodied, flash points	47
Pajamas, boys', commercial standard	39
Paper, measuring curl	14
Paper tape, gummed, adhesiveness	77
Papers, Federal specifications	87
Papers, offset, beater practice in manufacture	26
Papers, photochemical stability	5
PbO-Pb ₂ O ₃ , system, note on	52
Permeability, water, of walls	14
pH indicators, use in analytical separations	12
pH values of acid-salt mixtures	93
pH values of metacresolsulfonphthalein	93
pH values of phenolsulfonate solutions	79
pH values of phosphate solutions	13
Phosphate solutions, pH values	13
Photochemical stability of papers	5
Photometric units, new, adopted in Germany	67
Physics, first national congress of, at Puebla, Mexico	43
Pipe lines, cathodic protection	34
Pipe lines, soil corrosion	91
Planck's radiation functions, table	56
Plaster, efflorescence on	36
Plywood, Douglas fir, commercial standard	27
Plywood panels, multiple box girder, structural and heat-transfer properties	64
Porcelain enameled immersion-type water heaters	47
Portland cement clinker, microscopical examination	67
Portland pozzolan cements, properties	27
Potassium p-pheno/sulfonate, purification, assaying, and ultraviolet absorption spectrum	78
Potential theory of, and the technical practice of electrodeposition	61
Power-factor measurements of mica	79
Power-plants research, automotive, reorganization	83
Pozzolan cements, portland, properties	62
Precipitations, controlled hydrolytic, in analytical separations	12
Proving rings, calibrating	72
Purification of potassium p-phenolsulfonate	78
Pyrex glass tubes, sealing	12

Q

Quantitative standardization in retail trade	57
--	----

R

Radiant energy from the sky, luminous efficiency	76
--	----

Radiation, ultraviolet solar	45
Radio broadcast, standard frequency revised	68
Radiometry, photoelectric, applications of a tungsten-in-quartz lamp	46
Radium poisoning in dial-painting industry	69
Radon, determination	69
Railroad track scale test-weight cars, lease of	34
Railroad track scale testing service to be curtailed	76
Range boilers and expansion tanks, revised simplified practice recommendation	29
Refractometry, precise commercial, sources of error	25
Refractory mortars, heat-setting	28
Rehabilitation program of Horological Institute of America	75
Reorganization of automotive power plants research	83
Revision of code for electricity meters	2
Roofing of army buildings	53
Rope, elevator wire, maintenance	3
Rope, wire, simplified practice recommendation	29
Ropes, fiber, electrical conductance	86
Rubber, hardness, measuring with Shore durometer	54
Rubber laboratory, in Brazil	61
Rubber, proposed substitutes	18
Rubber, synthetic, Buna S, effect of gilsonite	70
Rubber, synthetic, testing	86

S

Safety appliances, maintenance of elevator mechanical	20
Samples, standard, increased use	46
Scale, railroad track, lease of test-weight cars	34
Scale, railroad track, testing service to be curtailed	76
Screw threads, commercial standard	39
Sealing pyrex tubes	12
Separations, analytical, by controlled hydrolytic precipitations	12
Shades, window, simplified practice recommendation	38
Sheet used with blankets to increase warmth	21
Ships, concrete, impact resistance	20
Shore durometer for measuring hardness of rubber	54
Silica, reaction with lead oxide	81
Simplified practice recommendations: heavy forged hand tools	48
range boilers and expansion tanks	29
window shades	38
wire rope	29
Simplified practice recommendation, proposed, for household insecticide containers	88
Slipperiness of floor and deck surfaces	64
Soil-corrosion conference	20
Soil-corrosion conference of March 25-27, 1943	35
Soil corrosion of pipe lines	91
Soils, effect of aeration	44
Solar radiation, ultraviolet	45
Solders, low-tin	54
Specifications and tolerances for weighing and measuring devices	11
Specifications, Federal, for papers	87
Spectrographic analysis, electrode holder	2
Spectrographic analysis, standard steel samples	91
Spectrum, ultraviolet, of potassium p-phenolsulfonate	78
Stability, photochemical, of papers	5
Standard samples, increase in use	46
Standard samples of hydrocarbons	51
Standard samples of steel for spectrographic analysis	91
